## SUMMARY

Computer Science Engineer with a structured mindset to deal with complex problems, the ability to work with a problem-solving approach to obtain the best solution, and over 100+ hours of computer experience who believes in building rapport with people for a healthy work environment.

## TECHNICAL SKILLS

### Programming Languages

C++, Java, Python, JavaScript, DSA

### Web Technologies

HTML5, CSS, ReactJS, GIT, MySQL

NodeJS

### Platforms

Kali Linux, Windows 11, GIT Bash  
DevOps

### Tools

Virtual Box, Visual Studio Code,  
PyCharm

## POWER SKILLS

- Team Management
- Time Management
- Problem Solver
- Quick Learner
- Good Communication

## EXTRA CURRICULAR ACTIVITIES

September Long Challenge 2022  
Global Rank 735 | Feb'22

Hackathon Organized By  
Programming Pathshala | Feb'23

DevCommunity Roadshow  
hackathon | Nov'22

NGO Volunteering at Muskurahat  
Foundation | March'23

## PROJECTS

- ❖ **Counter App** | Front-End Web Development Nov 22 – Dec 22
  - A click counter app which increments the counter when clicked on plus and decrements it as and when clicked on minus, it also has a reset functionality that resets the counter to zero.
  - In addition, we can also add the ability to display a history of the count values and allow the user to go back and forth through the count history.
  - You could also add the ability to set a maximum and minimum count limit and display an error message when the user tries to increment or decrement the count beyond the limit.
- ❖ **TicTacToe Game** | DSA Languages – C & C++ Jun 22 – Jul 22
  - Built a Game to increase the IQs of a person while solving the game..
  - Developed features for the application and created a new landing page to enhance customer experience.
  - Tic Tac Toe is an integral part of our childhood memories. It is a fun game consisting of two players who battle each other using Xs and Os.
- ❖ **Portfolio Website Design** | Front-End Development Jan 23 –Mar 23
  - Everybody knows that nowadays, it's all about Google. When employers are looking for a designer, whether they specialize in a certain vertical or a located in a special location, searching accordingly online will bring them one step closer to their candidates.
  - Clients who are seeking design professionals to create their website often receive hundred portfolios and resumes.
  - A Web Design portfolio is a hand-picked showcase of projects and case studies that a designer chooses to present to potential clients or employers as his best and most promising work examples.

## ACHIEVEMENTS

- ❖ HackerRank 5-Star Rated Coder.
- ❖ LeetCode – Solved More than 400 Coding Platform.

## CERTIFICATIONS

- ❖ Amazon Web Services May'22
- ❖ Network Security, Great Learning June'22
- ❖ Java Programming Fundamentals Sep'22
- ❖ Cybersecurity Foundation, LinkedIn Oct'22
- ❖ C & C++, Board Infinity Jul'22

## EDUCATION

- B.Tech. in Computer Science Engineering** Apr '20 - Present  
Lovely Professional University | Phagwara, IN
- Higher Secondary** Jun '19 - Mar '20  
P.Y.M.(S.S) School | Aurangabad
